The Trust Your Radar Slackers Edition is a short, streamlined version of the original work aimed at those who lack the motivation to get through a full sized book. It contains the same ideas: identify your brain radar, train it in key areas, and deal with the Radar Jammers of modern life. Target audience: Ages 14-40, especially teens, college students, and concerned parents. Perfect gift for the slackers in your life. Here's the story: Identify your Radar - it's your brain functioning optimally; not a vague intuition or sixth sense. They have the power to turn down or turn off our clear thinking Radars. Some are well known: alcohol and drugs, peer pressure, infatuation, anger. Others are surprising: showing off, fake complexity, unthinking religions, the need for speed, dangerous personality disorders, and even fast food! Learn specific techniques to deal with them all. Parents - You want your kids to know these things!.
