

Issues Raised by Human Cloning Research

By United States House of Representatives, Committee of Energy Commerce, Of Energy and Commerce Committee of Energy and Commerce

University Press of the Pacific, United States, 2005. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Nearly 80 years ago, Aldous Huxley wrote his literary masterpiece Brave New World. In that book he posited a future where genetic engineering is commonplace and human beings, aided by cloning, are mass produced. Controllers and predestinators replaced mothers and fathers. The words themselves considered smut. As the new authors of human life in an uncompromising search for human happiness and stability, the possibility of human individuality had been entirely jettisoned. For most of its 80 years, Brave New World could be seen as a disturbing work of science fiction. That is no longer the case. The possible cloning of human beings is now relegated to the world -- not relegated to the world of fiction. The question we must now ask is this: what should we do with this science? Several scientists claim that they are poised to take the fateful next step and actually produce a human clone. We in this subcommittee will focus not only on the scientific, but on the moral and ethical questions raised by the astonishing possibility that...
