THE EASTER MOOSE: ONE FAMILY'S JOURNEY ADOPTING THROUGH FOSTER CARE

Capbuilders, 2015. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Catherine Marshall's story reveals the heartbreak and hope of foster parenting. Thirty-eight and newly married, Catherine yearned to be a mother and adoption seemed a viable option. The county's Foster-Adopt Program was affordable, so she and her new husband were confident they could adopt and parent two siblings. But nothing was as it seemed. The birth parents used intimidation and the court system to sabotage the adoption. The social services agency wavered in its support. Even the children, three-year old Jenny and six-year old Robert, were unaware of the ticking time bomb of genetics and early neglect that would detonate in their teens. Would the family survive intact? Would the marriage withstand the stress? Would the children overcome the same afflictions and addictions that had plagued their birth parents? The Easter Moose: One Family's Journey Adopting through Foster Care provides all parents, but particularly those adopting, fostering, or caring for children with challenges, the assurance they are not alone. Social workers, teachers, people who work in the family court system, and anyone who believes in nurture over nature will get a reality check. Ms. Marshall has written a riveting book that details her travails adopting two children. Social Services numerous omissions of information, changes of biological parents rights, and failure to support the adoptive family's needs set the stage for a scary story that reads like fiction but, unfortunately, is not. As a Licensed Marriage and Family Therapist specializing in adoption, I believe Ms. Marshall's book is unique but, unfortunately, the story of her adoption experience is not. The country's adoption policy is broken, wreaking havoc on many adoptive families. Kudos to Ms. Marshall...
