Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Why has Warren Buffett become the most famous stock market investors of the twentieth century? Simply because he is one of the few who has known how to implement winning approaches during the course of his life, one after the other. Why do so many individuals who venture into the stock market believe that they are following a winning approach when they are actually implementing a losing approach? Very few will read this book without taking something away from it. By reading it, you are investing in yourself with the intent of identifying and understanding the winning approach that you will follow during the course of your life. -Eric G. In this book, the selling process is discussed in equal detail. This is so infrequent that it is worth pointing out. -Jean-Philippe S. Finally! By giving you a full overview of the approaches that work (and which are also the source...
