HarperCollins Publishers Inc, United States, 2017. Paperback. Condition: New. Reprint. Language: English . Brand New Book. In the vein of Alice Sebold's *Lucky*, comes a compelling, real-life crime mystery and gripping memoir of the cold case prosecution of a serial rapist, told by one of his victims. On the morning of September 12, 2013, a fugitive task force broke down the door of Arthur Fryar's apartment in Brooklyn. His DNA, entered in the FBI's criminal database after a drug conviction, had been matched to evidence from a rape in Pennsylvania years earlier. Over the next year, Fryar and his lawyer fought his extradition and prosecution for the rape and another like it which occurred in 1992. The names of the victims, one from January, the other from November, were suppressed; the prosecution and the media referred to them as Jane Doe. Now, Jane Doe January tells her story. Emily Winslow was a young drama student at Carnegie Mellon University's elite conservatory in Pittsburgh when a man brutally attacked and raped her in January 1992. While the police's search for her rapist proved futile, Emily reclaimed her life. Over the course of the next two decades, she fell in love, married, had two children, and began writing mystery novels set in her new hometown of Cambridge, England. Then, in fall 2013, she received shocking news—the police had found her rapist. This is her intimate memoir—the story of a woman's traumatic past catching up with her, in a country far from home, surrounded by people who have no idea what she's endured. Caught between past and present, and between two very different cultures, the inquisitive and restless crime novelist searches for clarity. Beginning her own investigation, she delves into Fryar's family and past, reconnects with the detectives of her case,...
