

Technical Certification for Refrigerants

By Howard Styles

Amer Technical Pub, 2009. Book Condition: New. Brand New, Unread Copy in Perfect Condition. A+ Customer Service! Summary: Technician Certification for Refrigerants is a text/workbook that provides an overview of the latest information on safe and efficient storage, transportation, and usage of refrigerants. This comprehensive reference addresses the latest EPA regulations and their implications, and HFC and PFC refrigerant usage. Also included is information on recovery, recycling, and reclaiming of refrigerants for all types of air conditioning and refrigeration systems. Up-to-date sample refrigerant certification test questions and test administration information are included to prepare technicians to pass the EPA Section 608 Certification Test. All aspects of refrigerants are discussed and illustrated. The CD-ROM is a self-study aid with Quick Quizzes, an Illustrated Glossary, Media Clips, and Reference Material. The Quick Quizzes provide an interactive review of topics covered in the chapters.
