CreateSpace Independent Publishing Platform. Paperback. Condition: New. This item is printed on demand. 180 pages. Dimensions: 9.9in. x 6.9in. x 0.5in. Between 1994 and 2005, hypertension rates increased by 77 percent according to the Canadian Medical Association. With these rates still on the rise, it's clear that current preventative measures and medical treatments simply aren't cutting it. Currently fitness and medical experts believe that cardio respiratory endurance activities are the only non-medical fitness methods that reduce hypertension. This exciting new book shows...
